

With the newly opened Terraces, it adds more than fifty select concepts for dining and entertainment amidst a verdant backdrop. With this new addition, Ayala Center Cebu further defines itself as an urban retreat.

The mall has added over 200 stores in its new wing. Forty of the 200 outlets opened last December 11, 2013 during the unveiling of the mall's expansion.

The P2.9 billion four-level retail expansion completes the retail master plan of ACC, with an additional 36,500 square meters of gross leasable area.
