

# Can Dela

Cala Tarida, South West

10 guests

5 bedrooms

5 bathrooms

## Description

You'd be forgiven for thinking you'd walked onto the set of a slick Hollywood romance with a Mediterranean twist when you first step into Can Dela. Perched amongst pine forest overlooking the sapphire waters of Cala Tarida this spacious home is sleek and utterly chic. Count on stunning sunsets, sublime views and an understated luxury.

## Bedrooms & bathrooms

There are two king bedrooms and three additional bedrooms that can be configured as doubles or twins according to your needs. The master suite boasts a hydrotherapy bath, private access to the pool, a private garden with an outside shower and magnificent views. Bedrooms are furnished with a luxurious modesty, each with an ensuite, plush beds and access to outdoor spaces.

## Interior

With a nod to the right angles of traditional architecture, Can Dela uses a cubic motif to create delineations between spaces. Wide blond wood floorboards act as a warming foil to the white walls and striking art throughout the rooms. Massive picture windows and sliding glass doors lead to terraces and, of course, frame that impressive view. Furnishings are simple yet plush, in muted colours, and never ostentatious allowing

the architecture and exterior to remain central to the aesthetic. An open plan arrangement winds effortlessly through the house to the pool area outside. Quite frankly, this is one of the most stylish, graceful and elegant homes on the island.

## Outdoors

The islet of Conejera is seen across the turquoise Med from the outdoor dining area that seats up to 14 guests. The views from the gardens are simply divine. Sun beds, crowned with that incredible view and replete with covered chillout zones, surround the pristine pool. Several other private terraces provide the perfect locations for sunbathing, yoga or just doing nothing at all. Subtle lighting at night illuminates the beauty of the landscaping and following a set of wood stairs set into the earth leads you to another outdoor eating area with barbecue and a canopied day bed tucked into the forest.
