

Blue Horizon

ALEOMANDRA, MYKONOS

10 Guests

5 Bedrooms

5 Bathrooms (5 Ensuite)

Tucked away in a slightly elevated position this stunning property owes its name to the postcard-worthy scenery one can enjoy from Blue Horizon's location - a panoramic view stretching over the Aegean sea, across to the islands of Delos, Rhenia and Paros all while also granting a front row seat to the sunset. As if the view weren't enough the position of the property allows great privacy while being within short distance from some of the more famous beaches on the southwestern side of the island - a compromise hard to achieve.

Geometric shapes are a dominant theme of the pool terrace, starting from the infinity pool's shape itself, to the triangular shape of the wooden deck and the design of the covered lounge area, thoughtfully furnished for time-off at any time of the day. Just up a couple flights of steps a second outdoor living area fans out to include a second lounge spot in addition to a stone built-in dining table perfect for al fresco dining under the tall pergolas covering the area and a great alternative to the dining area present also on the pool terrace.

The sober taste seen outdoors is key to the flow of the interior styling and decor as well. Most spaces are purposely pseudo-minimal without forgetting root concepts of Cycladic architecture such as stone walls, beamed ceilings and a clever contrast of a range of darker tones with the off-white surfaces featured throughout. The ad-hoc placement of modern amenities enhances the indoor experience even more, allowing guests to enjoy the property no matter how

they decide to live it, be it watching a movie or preparing a tasteful dinner for an intimate evening at home for example.

A rare combination of feats distinguishes Blue Horizon as the perfect retreat for families or friends looking to live Mykonos in a stylish, laid-back setting while enjoying easy access to the island's main wonders.
